Break

11.10

Table discussions. Facilitated by members from JUFJ steering group (take notes from discussion and names of people expressing interest in sub-group)

Adult Protection is everyone's business, and the AP Committee recognises the importance of the voluntary sector in keeping people safe from harm.

Questions:

- How prepared and able are staff in your team to deal with AP issues?
- What have been your experiences?

- How could we improve things?
- Would you be interested in considering joining an adult protection sub-group of the Third Sector Reference Group?
